- Exploring issues & obstacles for the developmental service sector
- Future planning on how to meet housing needs of people with developmental disabilities
- Breakout sessions exploring potential solutions

### About the TDSA

The Toronto Developmental Services Alliance is a network of 27 not-for-profit organizations that provide a wide range of residential and community-based programs and supports for people with developmental disabilities. Collectively, we serve thousands of individuals and families living in the City of Toronto and the GTA.

TDSA formed a Housing Sub-committee in 2016 to address the critical shortage of affordable housing (rental and ownership) options available for people with developmental disabilities.

The intention of the Housing Sub-committee is to increase opportunities and access to affordable, barrier-free, community-based, supportive housing options through collaboration and partnerships.
